

Design Our League Logo

We're a brand-new FTC league, and we need a mark that represents every team in it. Any registered SWFL Robotics team can enter — this is your team's chance to put its stamp on the league for years to come.

GRAND PRIZE

goBILDA FTC Starter Kit

Donated by **Charlotte High School** for the winning team

\$675
VALUE

DEADLINE

September 21

We want to get the prize to the winning team in time to build for the Scrimmage.

ELIGIBILITY

All league teams

One submission per team, any grade level.

JUDGING

League committee

Winner will be announced by email to team coaches and mentors.

SUBMISSION GUIDELINES

- **Original design** — created by your team; AI-assisted tools are welcome.
- **Vector or high-res file** — .svg, .ai, .eps, or .png at 2000px+ on the long edge.
- **FIRST-compliant** — don't reproduce the FIRST or FTC logos; a nod to the program is fine.
- **Works in one color** — the mark should hold up printed in black and white.
- **Include your team name/number** in the email, not baked into the logo art.

The league reserves the right to edit submitted designs and/or combine elements from multiple entries. By submitting a logo, a team grants SWFL Robotics League permission to use the design for any league purpose.

Submit to **SWFLrobotics@gmail.com**

Include your team name, number, and designer(s) in the email.
